

# LM15 [Anti-Xyloglucan] Antibody

Version: 1.0

Safety Data Sheet

according to Regulation (EU) 2015/830 Date of issue: 17/04/2019 Revision date: 17/04/2019

SECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1. **Product identifier** Product form : Mixture Product name : LM15 [Anti-Xyloglucan] Antibody Product code : AB-LM15 1.2. Relevant identified uses of the substance or mixture and uses advised against 1.2.1. Relevant identified uses Industrial/Professional use spec : For professional use only Use of the substance/mixture : Use as laboratory reagent 1.2.2. Uses advised against No additional information available 1.3. Details of the supplier of the safety data sheet Manufacturer Megazyme Bray Business Park A98 YV29 Bray - Ireland T +353 12861220 - F +353 12861264 cs@megazyme.com - www.megazyme.com 1.4. **Emergency telephone number** Emergency number : +353 12861220 [9 am to 5 pm GMT - Monday to Friday] **SECTION 2: Hazards identification** Classification of the substance or mixture 2.1. Classification according to Regulation (EC) No. 1272/2008 [CLP] Not classified Adverse physicochemical, human health and environmental effects To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice. Label elements 2.2. Labelling according to Regulation (EC) No. 1272/2008 [CLP] **EUH-statements** : EUH032 - Contact with acids liberates very toxic gas. Labelling according to: exemption for inner packaging where the contents do not exceed 10ml No labelling required **Other hazards** 23 No additional information available **SECTION 3: Composition/information on ingredients** 3.1. **Substances** Not applicable 3.2. **Mixtures** This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of REACH annex II

SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures after inhalation	: Remove person to fresh air and keep comfortable for breathing.
First-aid measures after skin contact	: Wash skin with plenty of water.
First-aid measures after eye contact	: Rinse eyes with water as a precaution.
First-aid measures after ingestion	: Call a poison center or a doctor if you feel unwell.

# LM15 [Anti-Xyloglucan] Antibody Safety Data Sheet

according to Regulation (EU) 2015/830

<ul> <li>4.2. Most important symptoms and effects, both acute and delayed</li> <li>No additional information available</li> <li>4.3. Indication of any immediate medical attention and special treatment needed</li> <li>Treat symptomatically.</li> <li>SECTION 5: Firefighting measures</li> <li>5.1. For further information refer to section 8: "Exposure controls/personal protective equipment. For further information refer to section 8: "Exposure controls/personal protection".</li> <li>6.2. Environmental precautions</li> <li>Avoid release to the environment.</li> <li>6.3. Methods and material for containment and cleaning up</li> </ul>
Treat symptomatically.         SECTION 5: Firefighting measures         5.1. Extinguishing media       : Water spray. Dry powder. Foam. Carbon dioxide.         5.2. Special hazards arising from the substance or mixture         Hazardous decomposition products in case of fire       : Toxic fumes may be released.         5.3. Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Water spray. Dry powder. Foam. Carbon dioxide.         5.2.       Special hazards arising from the substance or mixture         Hazardous decomposition products in case of       : Toxic fumes may be released.         fire       :         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       S.         6.3.       Methods and material for containment and cleaning up
5.1. Extinguishing media       : Water spray. Dry powder. Foam. Carbon dioxide.         5.2. Special hazards arising from the substance or mixture         Hazardous decomposition products in case of irroits fumes may be released.         fire         5.3. Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
Suitable extinguishing media       : Water spray. Dry powder. Foam. Carbon dioxide.         5.2.       Special hazards arising from the substance or mixture         Hazardous decomposition products in case of fire       : Toxic fumes may be released.         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       is and material for containment and cleaning up
5.2.       Special hazards arising from the substance or mixture         Hazardous decomposition products in case of fire       : Toxic fumes may be released.         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       .         6.3.       Methods and material for containment and cleaning up
Hazardous decomposition products in case of fire       : Toxic fumes may be released.         5.3. Advice for firefighters       Protection during firefighting         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures       6.1.         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       6.3.
fire       5.3. Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       G.3.         Methods and material for containment and cleaning up
apparatus. Complete protective clothing.         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       .         6.3.       Methods and material for containment and cleaning up
6.1.1. For non-emergency personnel         Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
Emergency procedures       : Ventilate spillage area.         6.1.2. For emergency responders       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions       Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
6.1.2. For emergency responders         Protective equipment       Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2. Environmental precautions         Avoid release to the environment.         6.3. Methods and material for containment and cleaning up
Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       6.3.         Methods and material for containment and cleaning up
Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         6.2.       Environmental precautions         Avoid release to the environment.       6.3.         Methods and material for containment and cleaning up
6.2.       Environmental precautions         Avoid release to the environment.         6.3.       Methods and material for containment and cleaning up
Avoid release to the environment.         6.3.       Methods and material for containment and cleaning up
Mathemate for all president sure in the second and the second sure that
Methods for cleaning up : Take up liquid spill into absorbent material.
Other information : Dispose of materials or solid residues at an authorized site.
6.4. Reference to other sections
For further information refer to section 13.
SECTION 7: Handling and storage
7.1. Precautions for safe handling
Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment.
Hygiene measures       : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, including any incompatibilities
Storage conditions : Store in a well-ventilated place. Keep cool.
7.3. Specific end use(s)
No additional information available
SECTION 8: Exposure controls/personal protection
8.1. Control parameters
No additional information available
8.2. Exposure controls
Appropriate engineering controls:
Ensure good ventilation of the work station.

# Hand protection:

Protective gloves

Туре	Material	Permeation	Thickness (mm)	Penetration	Standard
Disposable gloves	Nitrile rubber (NBR)	3 (> 60 minutes)			EN 374-2

# Eye protection:

Safety glasses

# LM15 [Anti-Xyloglucan] Antibody

Safety Data Sheet

according to Regulation (EU) 2015/830

Туре	Use	Characteristics	Standard
Safety glasses	Droplet	With side shields	EN 166

#### Skin and body protection:

#### Wear suitable protective clothing

Туре	Standard
Lab coat	

## **Respiratory protection:**

In case of insufficient ventilation, wear suitable respiratory equipment

#### Environmental exposure controls:

Avoid release to the environment.

SECTION 9: Physical and chemical properties				
9.1. Information on basic physical and	d chemical properties			
Physical state	: Liquid			
Colour	: dark orange.			
Odour	: None.			
Odour threshold	: No data available			
рН	: No data available			
Relative evaporation rate (butylacetate=1)	: No data available			
Melting point	: Not applicable			
Freezing point	: No data available			
Boiling point	: No data available			
Flash point	: No data available			
Auto-ignition temperature	: No data available			
Decomposition temperature	: No data available			
Flammability (solid, gas)	: Not applicable			
Vapour pressure	: No data available			
Relative vapour density at 20 °C	: No data available			
Relative density	: No data available			
Solubility	: Soluble in water.			
Log Pow	: No data available			
Viscosity, kinematic	: No data available			
Viscosity, dynamic	: No data available			
Explosive properties	: No data available			
Oxidising properties	: No data available			
Explosive limits	: No data available			
9.2. Other information				
No additional information available				

#### No additional information available

# SECTION 10: Stability and reactivity

## 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

## 10.2. Chemical stability

Stable under normal conditions.

## 10.3. Possibility of hazardous reactions

Contact with acids liberates very toxic gas.

## 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

# 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

<b>SECTION 11: Toxicolo</b>	ogical information
11.1. Information on top	xicological effects
Acute toxicity (oral)	: Not classified
Acute toxicity (dermal)	: Not classified
Acute toxicity (inhalation)	: Not classified
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	n : Not classified
Respiratory or skin sensitisat	ion : Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
STOT-single exposure	: Not classified
STOT-repeated exposure	: Not classified
Aspiration hazard	: Not classified

<b>SECTION 12: Ecological information</b>					
12.1. Toxicity					
Ecology - general	: The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.				
Acute aquatic toxicity	: Not classified				
Chronic aquatic toxicity	: Not classified				
12.2. Persistence and degradability					
No additional information available					
12.3. Bioaccumulative potential					
No additional information available					
12.4. Mobility in soil					
No additional information available					
12.5. Results of PBT and vPvB assessment					
No additional information available					
12.6. Other adverse effects					
No additional information available					
<b>SECTION 13: Disposal consideration</b>	15				
13.1. Waste treatment methods					
Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions.				
<b>SECTION 14: Transport information</b>					
In accordance with ADR / RID / IMDG / IATA / A	DN				
ADR	ΙΑΤΑ
